- ☺ Building Things
- ☺ Den Meetings
- ☺ Fishing
- ☺ Much more!

**Dear Parents,**

*What is Scouting?*

The Boy Scouts of America offers **your son** the fun of learning and experiencing new things in a safe, wholesome environment. Through Scouting you can help your son build character, values and self-confidence which will help him to make the right decisions throughout his life.

Cub Scouts is something **you do with your son**. It brings you closer together by helping you see each other in new ways. Parents help to tailor and deliver programs so **you stay connected with your son** as he grows.

The Boy Scouts of America is the **proven investment** in building character and values in boys who will become the leaders of tomorrow.

Yours in Scouting,

*Cub Scout Pack 106*
